

A group of diverse people are seated around a table in a meeting room. In the foreground, a man with short dark hair, wearing a blue button-down shirt, is smiling and looking towards the right while using a laptop. Behind him, a woman with dark hair is looking in the same direction. Further back, another man is visible, and the back of a woman's head is in the foreground on the right. The room has a brick wall and a large potted plant in the background.

Planning for a successful learning experience.

The Future Capital learning experience centres on three key components of engagement, all designed to help you understand and retain new information.

In each session you have the opportunity to see, try, and share with a cohort of peers. Here are some tips for getting the most out of your course experience.

BE HANDS ON

This isn't a passive learning experience. We recommend that you come prepared to participate in a dynamic and ever-changing learning environment.

SET YOUR PACE

Every session is designed for all levels. We will meet you where you're at - but we recommend you leverage every learning touchpoint at your point pace.

90 DAY ACCESS

You will have access to all of our learning materials for 90 days to ensure you have time to absorb and apply the information and tools delivered in the session.

CONTINUED LEARNING

Our learning experience team is here to partner with you in reaching your investment goals. We will work with you beyond the session to help you move the needle as you chart the venture ecosystem.
